

## TOWNS BONDS SELL FOR 3.2%

The Town of Wilmington marketed \$1,140,000 in long term municipal bonds, last week, at a price of 3.2%.

Halsey, Stuart & Co. of Boston were the successful bidders, out of nine firms. The Middlesex County Bank was second, with a bid of 3.3%.

\$1,050,000 of the bonds are on a 20 year term, to provide

funds for the new school now building on Salem Street, and \$90,000 of the bonds are for the new well field, authorized by the town off Chestnut St.

The bid of 3.2% on long-range bonds, according to informed circles, is a very good rating comparable to that in the best bidding in recent months in Massachusetts.

## FUNERAL SERVICES FOR DR GAUIS HARMON

Three Congregational Clergymen, with four Deacons and two Past Deacons took part in the services, Monday afternoon for the late Gaius E. Harmon, MD.

The Rev. Robert Sanders, pastor, the Rev. Stanley Cummings past pastor, and Mr. David Smith officiated, while the pall bearers were Deacons Foster Balser, Winthrop Polsey, George T H Smith, and Robert Conlin, and past Deacons Edward Nichols and Parker Prindle.

Burial followed in the Wildwood Cemetery.

Dr. Harmon, who died last Friday, was one of the foremost medical statisticians in the United States, a man who devoted his lifetime to public health.

## OPEN HOUSE TODAY AT WALTHAM DOOR

The new \$300,000 plant of the Waltham Door & Window Company, in North Wilmington, is having an open house today, for people in the building industry in Massachusetts.

completely assembled windows and doors, ready for installation.

Today, in addition to its new home office and plant in North Wilmington the company also has

Started last May, and just completed, the building is of modern decor, and sit off by a spacious lawn planted with arbor vitae, cedars and spreading juniper. The building is about 42,000 square feet in area, all on one floor, with executive offices in front.

The Waltham Door & Window Co. was started in 1950 by Cosmo J Caterino of Waban, and was a forerunner in the assembled and balanced window field - doing away with the old concept of balancing weights and cords. As such the company manufactured

a completely owned subsidiary mill in Ashland, Maine.

In the current year it expects to assemble and ship 30,000 doors and 50,000 window units, from North Wilmington.

Caterino is President and Treasurer of the company, with Frank Wall of Medford Assistant Treasurer, and Chester Ohnemus of Waltham Production Manager.

There are a total of 80 employees, some of whom are Wilmington residents who have joined the company since its location in this town.

### FINE PERFORMANCE

The High School Band, each year, is better than ever before, and the performance at Bedford last Saturday was an excellent one.

The picture was taken as the band stepped out for its half-period parade. Leading are Majorettes Irene Mahoney, Becky Hartwell and Elaine La Rivee.

### BOB COWIE IS PRESIDENT OF LITTLE LEAGUE

Bob Cowie, of Ballardvale St. No Wilmington, was elected President of the Wilmington Little League, at the annual meeting held in the DAV Hall Monday night.

Elected Vice President was Anthony (Tony) Toti, 11 Brand Avenue, with Harry Johnson as Secretary and Bob Baker as Treasurer.

Mrs Josephine Carlson, 13 Main Street, was elected President of the Women's Auxiliary. Elected to the Vice Presidency was Mrs Dorothy Fullerton, Flora Kasabuski was elected Secretary, and Mrs Lillian Miselis Treasurer.

### APPOINTED TO PLANNING BOARD

Charles E Fogg, Oakridge Circle, was appointed to the Planning Board by Town Manager Cecil Lancaster, Monday, to fill the vacancy caused by the resignation of William Beers, last January.

A Civil Engineer, employed by Anderson-Nichols & Co. of Boston, he has been a resident of Wilmington since the fall of 1957. He is a graduate of the University of New Hampshire.

### SCHOOLS SEND 'CIVIL DEFENSE' QUESTIONNAIRE TO PARENTS

The Wilmington Public Schools have sent to the parents of the school children questionnaires as to action that the schools should take, with relation to the individual children, in the event of a Civil Defense warning of pending enemy nuclear attack.

The questionnaires were sent home with the children, Monday and Tuesday of this week, with a request that they be returned by tomorrow (Friday)

### LITTLE LEAGUE BANQUET SATURDAY

Wilmington's Little Leaguers and their managers will sit down to the annual banquet, Saturday, given by the ladies of the Little League Auxiliary.

The boys have been warned by their managers that the dinner will start at 6:15 pm., and that they are not to be late.

All boys who played in either the major or minor leagues in the past summer will be guests of the ladies, and their managers as well. The invitations do not include parents.

The banquet is to be served in the High School Cafeteria.

### Awards to be Given

Included in the events of the evening will be the awards to the championship Major and Minor League teams, and their sponsors.

The Avco Yankees, winners of the Major League (Tony Toti, Manager) and the Joe App Red Legs, winners of the Minor League (Bob Cowie and Jim Tildsley, Managers) will receive their trophies after the banquet.

### TOCCI REAL ESTATE DECISION DELAYED UNTIL NOV 22ND

At the request of Edsel Tocci of Watertown, developer of the Alderwood Estates, between Woburn and West Streets, the Planning Board has granted a 45 day extension in time before the final (definitive) plan becomes final.

The new date for the final decision is now Nov. 22nd, at the latest. It may be made earlier, if approved by the Planning Board.

The Planning Board conducted a hearing for the proposed real estate development on Oct 4th., at which time they were told that Tocci plans to build homes of about \$21,000 value, on 66 lots if all are approved.

A number of abutters were at the hearing, concerned with possible drainage developments among other things. The hearing lasted 1 1/2 hours.

**WINNER OF 5 STATE & REGIONAL AWARDS  
PHYSICIANS, ETC**

Letter to the editor, last week and this,  
and some telephone calls from residents of Wil-  
mington who believe themselves aggrieved con-  
cerning services of some Wilmington physicians  
have prompted a few questions by this paper.

Physicians, like other people, are entitled  
to a period of time each week which they can  
call their own. In Wilmington most physicians  
are off on Wednesday afternoons. We say most,  
because at least one is on duty, so that there  
is no real gap in services, and others have  
made arrangements with the telephone answer-  
ing service so that any emergency cases will be  
taken care of without delay.

We are also advised that the Massachusetts  
Medical Society has a standardized procedure  
to investigate complaints, either in services  
or in fees. An aggrieved person should write to  
the Secretary of that Society, Dr. Buck, Mass.  
Medical Society, 22 The Fenway, Boston, and  
present his case. It will be considered, we are  
assured.

## AND HOSPITALS

Commenting on physicians leads, naturally to  
comment on hospitals.

Every now and then there are groups that  
want to have a hospital in Wilmington.

These people may have good intentions, but  
it is our belief that they are mistaken. It  
isn't the number of hospitals that count, but  
rather their ability to care for patients, and  
at the present time we have the Choate Memorial  
and Winchester Hospitals, south of Wilmington  
within 15 minutes drive, and to the north three  
hospitals in Lowell, within 20 minutes drive.

A hospital in Wilmington in order to be ad-  
equate would call for more resources than our  
people have, and even then would be merely sup-  
plementary to the present facilities.

And, by the way, what ever happened to that  
money that the Taxpayers Federation (so-called)  
raised for a Wilmington Hospital?

## THOSE POPPING UP POLES AGAIN

A fellow stopped us on the street the other  
day to comment on our article in this column  
where we observed that the utility poles on  
Concord Street and Federal Street must have  
just popped up, because no one in the Town Hall  
had been able to see them.

## TIME OUT

*Berlin? We have no jitters;*

*We've shown we won't be quitters;*

*And so, Gromyko, pardon us:*

*We're watching Big League hitters.*

The fellow meant well. He wasn't a Town Hall  
official, but he knows his way around, and has  
friends in the Town Hall. His story was in ef-  
fect - It's the Telephone Company and the Light  
Company that's to blame - they were told six  
months ago and didn't do anything.

Well, either he was telling the truth, (a-  
bout the six months ago) or he wasn't, and in  
neither case does the Town Hall come off with  
any credit.

If the telephone and light company engineers  
were not alerted in time - whose fault is that?

And again, if they were alerted, and didn't  
do anything - does that make the Town Hall Lily  
White?

If the telephone and light companies were  
alerted (which we doubt) and if they did nothing  
then some of our high priced help should have  
got onto the telephone and called up the Presi-  
dent of the New England Tel & Tel. The message  
could be delivered either calmly, or in a  
screeching tone, and would be to the effect  
that "If you guys are going to hold up our work  
just because you can't move a pole we are going  
to call in the Massachusetts Department of Pub-  
lic Utilities!"

A message like that would most certainly get  
the President of NET&T hopping, and once he  
started to hop assorted Managers, Vice Managers  
and Engineers down the line would hop too, and  
those Concord-Federal Street poles would have  
been moved pronto.

And if calling the President of NET&T was  
too difficult, then there were all those public  
hearings the Selectmen held, for pole moving  
on other streets.

Could you imagine, for instance, the Bump  
speaking up at one of those hearings, and say-  
ing to the Chairman of the Board of Selectmen:  
"Mr Chairman: We shouldn't grant any more of  
these petitions until they do something about  
Concord Street!"

Maybe you can imagine it. We can't. And it  
never happened.

## SPORTS ARE A GOOD THING

We must confess that we are the type of fel-  
low that is inclined to lift the left eyebrow  
slightly when it comes to organized sports, and  
this in spite of the fact that we once played  
football for dear old Wilmington High School.

## TOWN NOTES

### Air Defense Test

Next Saturday, so the daily  
papers tell us, will be devoted  
to a test of the military  
aircraft of the United States,  
with all civilian aircraft  
barred from the skies for a 12  
hour period, starting at 1 pm.

The papers also warn that it  
might be quite noisy at times.  
But the people of lower Mar-  
ion Street (the part that is  
called 'off Chestnut St') had  
their own private preview last  
week, when a pair of 189 pound  
gas tanks came hurtling down  
into the near-by woods.

The tanks, which were empty,  
had been released when a pilot  
pushed the wrong button. They  
were found by a grandson of  
Antonio Pelligrino, and Tony  
called the Air Force, who came  
and retrieved the tanks.

The Air Force told Tony that  
they never bother to search  
for tanks when they become ac-  
cidentally lost. Just a waste of  
time - besides somebody always  
finds them and calls in the  
news.

### No Frost

Here we are, at the 12th of  
October, and Wilmington still  
has to experience a killing  
frost, in this year of Our  
Lord 1961. We had a slight  
frost on Sept. 21st, but only  
in spots, and many gardens are  
still growing, and flowers  
blooming.

We never saw anything like it  
in these parts, before.

### Avco Hit a Double

Avco hit a double, last week,  
journalistically speaking. Last  
week's TIME magazine carried  
quite a story entitled, 'Clos-  
ing the Profit Gap' telling  
how its pre-tax profit has  
doubled since 1957, and how  
the execs travel tourist class.

The magazine predicted that  
Avco will shift from 60% de-  
fense work and 40% civilian to  
a 50-50 ratio.

Then, in the New York Times,  
last Sunday, a whole section  
was devoted to Avco, with pics  
of all the plants, all over  
country. Only one of the Wil-  
mington plant however, sort of  
an angle shot, showing the en-  
trance and main building.

When we played there were eleven candidates for the team, so we were assured of a place in the line. Today matters are slightly different with about 50 husky youths trotting out to the players bench at every game.

But, properly handled, sports are a fine thing for any high school. It peeps up the school spirit, and gives some of the boys something to look forward to, other than the parsing of sentences (or don't they do that anymore?)

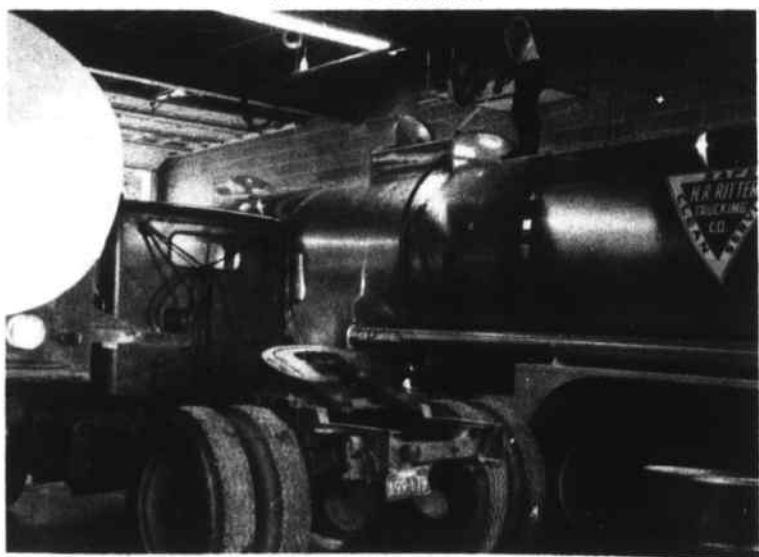

Last Saturday (and every Saturday too) was an excellent example of our High School sports. There were perhaps 500 of our youngsters at the Bedford game. They were well behaved, and they were a credit to the town. They also got their moneys worth, in entertainment.

The girls in the cheering squad must have found the going hot, with their black costumes under the bright sun, but they were good.

The football team, of course, was excellent. And the High School Band!

Perhaps half the spectators missed the best part of the whole afternoon, when, after the game the Wilmington and Bedford High School Bands marched down the field together, horns a-tooting and drum a-booming. We don't know if there was any significance to the fact that our band was slightly in the lead, but all 80 of them were there in their glory.

And they marched out to the waiting busses, playing their song of triumph.

#### TRUCK WASHING

The newest industry in Wilmington is the H R Ritter plant, on the south end of Woburn St where tank truck trailers are washed out, after having discharged their cargo nearby. The plant opened in late August, and does about a dozen trailers a day.

The man on top of the tank truck is Nick De Felice Jr., newly discharged from the US Marine Corps. Nick, who has the same kind of a smile as his dad, is the man who cleans the tanks.

## SEVEN MEN LOSE WEEK'S WORK BECAUSE OF THEFT

The theft of nine rolls of polyethylene, from the Guild Plastics site, over the past weekend, put seven employees on the unemployed list for one week. The polyethylene was used as a protection to cement work, and the cement sub-contractor doesn't dare to continue, for fear of frosts, until they are replaced. The replacement, it is understood, has to come from Chicago.

Also stolen was a 10 ton hoisting gear, belonging to the resident engineer.

## FOUR LOTS RELEASED BY PLANNING BOARD ON WOODLAND RD

## INDIAN ARTIFACTS DISCOVERED

LOWRY AND SQUAW

Robert Lowry of Cedarcrest Road, and the Indian ax he found Monday night, in back of his home. Mrs Lowry is holding a stone chisel. Notice the curved-chisel-edge, just over her left hand.

Carpenter tools, used by an Indian artisan many years ago, and laid down by him, were discovered, Monday night, by Robert Lowry, of Cedarcrest Rd (off Shady Lane Drive) in No. Wilmington.

A carpenter's ax (which could also be used as a tomahawk) and a stone gouging-chisel were uncovered by Mr Lowry as he raked the back yard, preparatory to seeding the lawn.

Both were found under second growth white oak, lying close together, as though they had been put down, and then forgotten, by some ancient workman, who may have been making a canoe. The soil in which the tools were found had not been augmented by the addition of

Dr Harmon  
(fr Fr Pg)

Born in the Congregational parsonage in Wilmington, (his father was the Rev Elijah Harmon, pastor of the church) Dr. Harmon lived in Wilmington until he was 14 years old, and returned to his town after his retirement 14 years ago.

He received his degree of Doctor of Medicine from Boston University, studied briefly in Germany, and returned to the United States, where in 1914 he received a Certificate of Public Health from MIT and Harvard University, in the first school of Public Health in the United States, jointly sponsored by the two universities.

Dr. Harmon's Certificate was one of 15 which was signed by the presidents of both universities, and he is believed to be the last living person with such dual signatures. MIT dropped out of the school after the first year, and it was completely taken over by Harvard.

He attended the University College of London in 1925 and 1926, doing post-graduate work in statistics, in the Biometric Laboratory, with Professor Pearson, who had been a student of Francis Galton.

Dr. Harmon taught Public Health at the Western Reserve University Medical School for 20 years, also teaching at Wayne University. At the same time he was serving in an advisory capacity to various cities in their Public Health problems.

His abilities in statistical medicine was widely recognized and he was at one time called to Chicago to be acting Commissioner of Health in that city. He also served in a similar capacity for the city of Detroit, where he was Chief of the Statistical Services, as well as in Cleveland, Ohio.

Harvard University conferred, during the 1947 exercises, the Degree of Master of Public Health upon Dr. Harmon, in recognition of his accomplishments in his chosen field. Dr. Harmon retired 14 years ago, and returned to the town in which he was born.

In Wilmington he was the first Chairman of the new Health Department, and served on other committees as well.

He served as a Deacon and as a teacher in the Congregational Church, and later became the Clerk of the Church.

extra loam, precluding the possibility of the tools having been brought to the site other than by copper colored hands.

The ax measures 11 inches long, and the blade is still quite sharp. A pick-end at the other end had been broken off. In the center there is a chipped depression, used for holding, by a cleft stick, bound with deer-thongs.

The chisel, 10 inches long, is a perfectly shaped hand-gouger, with a curved blade, almost as sharp as any carpenter's chisel today.

Both tools are of the same material, probably (but not definitely) flint, which is not a native rock to Wilmington.

The Rev. Stanley Cummings, in speaking of Dr. Harmon, at the services said 'his life was a Living Epistle'.

Dr. Harmon is survived by his wife, Mary (Carey) Harmon, and two neices, Mrs Woodrow Cutcliff of Stoneham and Dr. Miriam Hosmer, of Maine.

Funeral arrangements were by the Nichols Funeral Home.

## LETTER

6 Lawrence Court  
October 5, 1961

Dear Larz:

Re letters to the Editor concerning the medical profession. I have upon occasion also criticized the medical profession and I agree that they (the doctors) are not among the poor people of this country.

Yet I would like, an another newcomer to Wilmington, to publicly state and express my opinion that the Town of Wilmington is fortunate in having Dr E C MacDougall. I know that this gentleman answered a house call late at night, after apparently hours of office calls, and stayed a considerable time while medical attention was necessary. I think Wilmington is fortunate in having a doctor like Dr. MacDougall.

Sincerely yours,  
Dick George

## WILMINGTON WOMEN'S CLUB

The first fall meeting of the Wilmington Women's Club will be held on Thursday, October 26, at 1 p.m. at the Methodist Church. The Club will celebrate its 60th birthday and all members are invited to join in the celebration.

A notable coming event will be the annual Dance to be held at the Meadowbrook Golf Club on December 1st. Please keep the date in mind for an excellent evening's entertainment.

## COUNCIL OF CHURCHES TO MEET IN METHODIST CHURCH

The Wilmington Council of Churches will meet Friday evening, October 13, at 8 o'clock in the Pastor's Study of the Wilmington Methodist Church. The Reverend Terry Clay Thomason, Pastor of the Methodist Church will be host to the group. The meeting will be led by the Rev. Robert Sanders, President of the Council and Pastor of the Wilmington Congregational Church.

## BOUTWELL SCHOOL PTA

The first meeting of the Boutwell School PTA will be held October 19th at 8 pm. The program will be a talk on the

Elementary School system of Wilmington by Harold L Shea, Superintendent of Schools. A question and answer period and refreshments will follow.

Attendance by at least one parent should be a must if the association is to benefit the children and the school.

**RUMMAGE SALE AT ST THOMAS SATURDAY**

The Children's Bazaar Committee of St. Thomas Parish are conducting a clothing rummage sale Saturday, on the parish grounds, from 10 am to 3 pm.

Mrs Cantrell, chairman, hopes this will be an incentive for early fall house cleaning, besides being a good source of wearable clothing for thrifty shoppers.

Donations of wearable clothing for adults and children may be left at the Rectory garage any time during the week.

**BILLBOARD APPLICATION NIXED BY SELECTMEN**

An application for the erection of a billboard, approximately opposite to Louie's on Main Street, was voted down unanimously by the Selectmen Monday night, on motion of Nick De Felice, and with the knowledge that the State Advertising Agency would possibly overrule the Selectmen.

The billboard would be erected 'back-to' a present billboard, according to the proposal of John A Donnelly & Sons, of Boston.

Wilmington's football team had all second string players on the field, as the first half of the game with Bedford drew to a close, last Saturday and then Coach Fred Bellissimo prudently returned the first string players for the second half.

The score was 20 to 0 in favor of Wilmington before the second quarter was half played. Wilmington's linemen trotted through the Bedford line and Wilmington's backfield marched as they pleased.

Yet four of Wilmington's team were knocked out of the game for short periods of time and had to be resuscitated by a physician.

The Wilmington team acted as a team, each of the players having their moment - O'Leary, Fuller, Page, Farrell, Fairfield, and Capt. Eddy Woods.

Each made at least one conspicuous tackle during the game.

End Kevin Fields was the nearest to the star of the

game when he picked up a punt return, early in the game, and ran 65 yards for a touchdown, and then scored another on a pass play.

The game opened with a 55 yard march by Wilmington to the Bedford goal line. Frankie McLaughlin began the march and Bon O'Leary ended it with a 22 yard run.

Then, in the same quarter, Fields made his 65 yard run, hiping through the Bedford players. Rickie Froton made the extra point, to make the score 13-0 at the quarter.

The second quarter saw Fields intercept a pass at the Bedford 45 yard line, and carry the ball to the 32. Four plays later it was Allard to Field for the final touchdown of the game, with Froton again making the final point with his educated toe.

The Bedford team was revitalized for the third quarter, which seems to be their best playing time this year, but they weren't good enough to

score.

The victory over Bedford gave Wilmington three with no losses, so far this year. It has scored 62 points, to 8 for its opponents in these three games

**ITS DRACUT THIS WEEK THEN CHELMSFORD****TWO TOUGH GAMES FOR WILDCATS**

Its Dracut this weekend and the Chelmsford Lions next week for the Wilmington High School football squad.

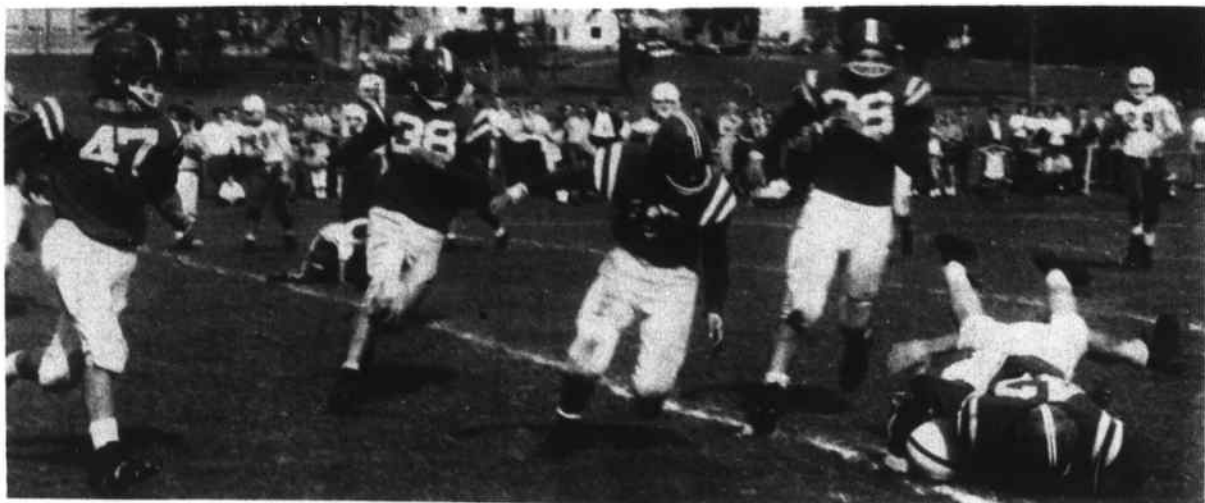

While Wilmington is alone in the three teams, in the undefeated class, both are tough teams to crack, and the games are accorded, by Coach Fred Bellissimo as 'important'.

Wilmington will visit Dracut next Saturday, and in the week following the Chelmsford Lions will be guests of Wilmington.

**JV'S DEFEATED BEDFORD MONDAY**

Wilmington High School JV team defeated Bedford JVs 20 to 8, Monday, in their second game of the year.

Last week the Billerica JVs defeated Wilmington 12 to 8.

**WILDCATS IN ACTION**

Bob O'Leary, feet in the air, takes care of the Bedford Carrier while four teammates come up, ready to assist. Quarterback Dicky Allard, is 47, 38 is Capt. Eddie Woods, 13 is Billy Cotter, and 28 is Danny Moeglin.

**MEDALS**

The medals won by Barbara McLain show up as she marches with the High School band. Behind her is Jo-Ann Baker, and the girl playing the Glockenspiel is Cheryl Silvers, daughter of Dr. Jack Silvers, the Avco Nuclear Expert.

**SPECIALTY MAJORETTES**

Three of Wilmington's Majorettes qualify for an informal title of Specialty Majorettes. The camera exposure, at 1/100 second, shows the girls all just catching their batons, after a 30 foot toss. Two of them, sisters, Barbara McLain and Beverly McLain have won several prizes in State meets. The third girl, in the foreground, is Sandra Burns.

**BOARD OF APPEALS ACTIONS  
ON RECENT HEARINGS**  
Two recent appeals to the  
Board of Appeals have been de-  
nied, and three others have  
been approved, all by unani-  
mous vote of the board.

The Board approved an exten-  
sion of the upper (proposed)  
parking lot, as of benefit to  
the town, at Avco. The hearing  
was held on Sept 12th.

Also approved at Avco were  
extra heights above the Zoning  
Law limit, for a radio tower  
(27 feet more) and an elevator  
tower. The hearing was on  
Sept. 26th.

The request of Generoso A.  
Capadilupo of Billerica for  
the right to open a real es-  
tate office in a garage at 168  
Main Street, heard on Sept 19  
was denied.

The request of Douglas C.  
Saunders of Tewksbury for the  
right to convert a grocery

store into a barber shop, in a  
non-conforming lot, was ap-  
proved. The hearing was held  
on Sept. 12th, and the barber  
shop will be at the corner of  
Lowell and Parker Streets.

The request of Stanley R.  
White of Roosevelt Road, for  
the right to build on a 12,500  
square foot lot on Taft Road  
was denied. Zoning, in the  
area, calls for 22,500 feet.  
The hearing was on Sept. 26th.

**JOANNE ENOS BECOMES BRIDE**

Miss Joanne Judith Enos, daughter of Mr and Mrs Frank B Enos, 227 Shawsheen Avenue, became the bride of Mr Russ Francis Spinelli, son of Mr and Mrs Frank Spinelli, of Pennsylvania, in a 10 am Nuptial Mass, at St. Dorothy's Church, on Sept. 16th.

The bride approached the al-

tar in a silk bombezine dress with Alencon Lace applique, a scoop neckline, and a chapel length train. Her double crown of sequins and pearls held an elbow length veil of illusion, and she carried a missal, covered with streaming stephanotis and orchids.

She was given in marriage by her father, and the ceremony

was performed by Father Joseph Leahy in front of an altar decorated with white gladioli.

Her sister, Miss Sandra Enos, was the Maid of Honor, and the Bridesmaids were the Misses Anne Perroso of South Boston, and Joyce Askintowicz of Dorchester, friends of the bride, and Rosemarie Morgan of Cambridge, a cousin of the bride.

The Flower Girl was Miss Francis Enos, a sister of the bride.

The gowns of her attendants were of floor length iridescent taffeta. The Maid of Honor and the Flower Girl wore gold, while the others were of Jadette. All had matching crowns with veils of silk illusion.

The Maid of Honor's bouquet was made of yellow carnations as was that of the Flower Girl while the Bridesmaids carried pink and white carnations, all with ivy.

Mr. John Askintowicz, a friend of the groom, from Dorchester, served as best man, and the ushers were David Costa of Everett, a cousin of the bride, and Elmer West and Daniel Calandriello, friends of the groom, from Kingstown.

Little Dennis Costa, a cousin of the bride, was the ring bearer.

After the ceremony a reception was held in St. Anthony's Clubhouse, in North Woburn. Miss Susan Gouvea, a cousin of the bride, was in charge of the guest book.

Mrs Enos, for the reception, chose a saphire blue ricepaper silk sheath with a lace peplum as her gown. Her accessories were in black, and she wore a blue matching hat and a cor-

sage of red roses.

The wedding trip was to New York and Pennsylvania. For her going-away gown the bride chose a blue wool dress, with black accessories, and wore a white orchid.

The couple are making their home in Everett.

Miss Enos was a graduate of Wilmington High School, and had been employed in the Navy Building, in South Boston.

Her husband is a graduate of Sts Cosmos and Damien High School, in Pennsylvania, and is serving in the United States Navy, stationed in Boston.
